Flush Pulls

Superior's stainless steel flush pulls are manufactured using high grade 304 stainless steel or solid virgin brass. The use of high quality virgin raw material provides straight edges without pin holes or indentation in the material. Edges are smooth and finger depths are comfortable for ease of use.

304 Stainless Steel - High Grade Commercial

Item Code	Finish	Length x Width x Depth
43745	Satin Stainless Steel	100 x 50 x 14mm
